Undaunted minds, that rul'd the rugged north. *Prior.*

2. [*Liste*, French.] Inclosed ground in which tilts are run, and combats fought.

The ocean, overpeering of his *list*,

Eats not the flats with more impetuous haste

Than young Laertes in a riotous head

O'er-bears your officers. *Shakespeare's Hamlet.*

She within *lists* my ranging mind hath brought,

That now beyond myself I will not go. *Davies.*

Till now alone the mighty nations strove,

The rest, at gaze, without the *lists* did stand;

And threat'ning France, plac'd like a painted Jove,

Kept idle thunder in his list'd hand. *Dryden.*

Paris thy son, and Sparta's king advance,

In measur'd *lists* to test the weighty lance;

And who his rival shall in arms subdue,

His be the dame, and his the treasure too. *Pope's Iliad.*

3. [*Lytan*, Saxon.] Desire; willingness; choice.

Alas, she has no speech!

—Too much;

I find it still when I have *list* to sleep. *Shakespeare, Othello.*

LI'TERAL. *adj.* [*literal*, French; *litera*, Latin.]

1. According to the primitive meaning, not figurative.

Through all the writings of the ancient fathers, we see that the words, which were, do continue; the only difference is, that whereas before they had a *literal*, they now have a metaphorical use, and are as so many notes of remembrance unto us, that what they did signify in the letter, is accomplished in the truth. *Hooker, b. iv.*

A foundation, being primarily of use in architecture, hath no other *literal* notation but what belongs to it in relation to an house, or other building, nor figurative, but what is founded in that, and deduced from thence. *Flammarion.*

2. Following the letter, or exact words.

The fittest for public audience are such as, following a middle course between the rigour of *literal* translations and the liberty of paraphrases, do with greater shortness and plainness deliver the meaning. *Hooker, b. v.*

3. Consisting of letters; as, the *literal* notation of numbers was known to Europeans before the cyphers.

LI'TERAL. *n. f.* Primitive or *literal* meaning.

How dangerous it is in sensible things to use metaphorical expressions unto the people, and what absurd conceits they will swallow in their *literals*, an example we have in our profession. *Brown's Vulg. Errors, b. iv.*

LI'TERALLY. *adv.* [from *literal*.]

1. According to the primitive import of words; not figuratively.

That a man and his wife are one flesh, I can comprehend the meaning of; yet *literally* taken, it is a thing impossible. *Swift.*

2. With close adherence to words.

Endeavouring to turn his Nisus and Euryalus as close as I was able, I have performed that episode too *literally*; that giving more scope to Mezentius and Lausus, that version, which has more of the majesty of Virgil, has less of his conciseness. *Dryden.*

So wild and ungovernable a poet cannot be translated *literally*; his genius is too strong to bear a chain. *Dryden.*

LITERALITY. *n. f.* [from *literal*.] Original meaning.

Not attaining the true deuterocopy and second intention of the words, they are fain to omit their superconsonances, coherences, figures, or tropologies, and are not sometimes periculated by fire beyond their *literalities*. *Brown.*

LI'TERATI. *n. f.* [Italian.] The learned.

I shall consult some *literati* on the project sent me for the discovery of the longitude. *Spectator, No. 581.*

This kingdom hath been famous for good *literature*; and if preferment attend deservers, there will not want supplies. *Bacon's Advice to Villiers.*

When men of learning are add'd by a knowledge of the world, they give a reputation to *literature*, and convince the world of its usefulness. *Addison's Freeholder, No. 377.*

LI'THARGE. *n. f.* [*litharge*, French; *lithargum*, Latin.]

Litharge is properly lead vitrified, either alone or with a mixture of copper. This recement is of two kinds, *litharge* of gold, and *litharge* of silver. It is collected from the furnaces where silver is separated from lead, or from those where gold and silver are purified by means of that metal. The *litharge* sold in the shops is produced in the copper works, where lead has been used to purify that metal, or to separate silver from it. It is used in ointments and plaisters, and is drying, abtergent, and slightly attritive. *Hill's Mat. Med.*

I have seen some parcels of glass adhering to the test or cupel as well as the gold or *litharge*. *Boyle.*

If the lead be blown off from the silver by the bellows, it will, in great part, be collected in the form of a darkish powder; which, because it is blown off from silver, they call *litharge* of silver. *Boyle.*

LITHE. *adj.* [*lithe*, Saxon.] Limber; flexible; pliant; easily bent.

Th' unwieldy elephant,

To make them mirth, us'd all his might, and wretch'd

His *lithe* proboscis. *Milton's Paradise Lost.*

LI'THENESE. *n. f.* [from *lithe*.] Limberness; flexibility.

LI'THER. *adj.* [from *lithe*.] Soft; pliant.
